HOME FOR THE HOLIDAYS NOTAM

FUEL PRICES PLUMMET 30 CENTS!

We've all been waiting for this moment and it has finally arrived, just in time for the holiday season to be thankful and giving. Our fuel price is dropping instead of increasing. As of Monday November 8th your price dropped $0.30/gal. While we still have a long way to go to return to "normal" we're relieved the price didn't continue to rise. Thank you, as always, for your continued patronage!

PAYMENT METHOD	100 LL
CREDIT CARD	$8.09
CASH — CHECK PRE-PAID	$7.69
CREDIT LIMIT EXCEEDED	$10.09

**Inquire at Ops office for additional terms & conditions.*

SAFE & QUIET FLYING SEMINAR FOR PILOTS

We held a well-attended 'Safe & Quiet Flying' seminar on November 4th. Pilots heard from owner Don McPherson and Operations Staff member and FAA Certified Ground Instructor Peter Alberti. In addition to getting updated on all the current rules and regulations governing flight in and near the 'Traffic Pattern' pilots collaborated among themselves on the best ways to fly safely and quietly.

NEIGHBOR 'OPERATIONS' WORKSHOP

On Saturday October 31st neighbors, pilots, police and members of the Stow and Boxborough Select Boards met at Minute Man Air Field for an 'Operations' workshop and mini open house. Among the topics discussed were the Federal (FAA) and Commonwealth (MDOT-Aeronautics) regulations under which we operate and how we use the tools of effective communications among all our users to maintain the highest degree of safety while keeping noise to a minimum. Attendees learned about the steady increase in aircraft operations as we recovered from the dramatic down turn suffered during COVID levels causing some neighbors to wonder 'where are all the planes coming from?' This return to pre-Covid levels gave us the opportunity to demonstrate how the air field team is taking action to manage increased traffic concerns. The very productive conversation helped clarify the value the airport brings to the community and our efforts made daily to be a great neighbor.

AIR FIELD OPEN HOUSE – RAIN? WHAT RAIN?!?

The rainy weather on Saturday November 7th did not prevent our wonderful neighbors from attending our Open House. The Kids' Zone and flight simulator were busy all day, while attendees enjoyed the outdoor activities under their umbrellas. It is incredibly gratifying to open our gates and share our airport with the community and we look forward to doing it again next year.

MINUTE MAN AIR FIELD REPRESENTED AT MAMA CONFERENCE

The Massachusetts Airport Manager Association (MAMA), representing the Commonwealth's 34 public use airports, held its annual conference in Worcester. Ops team member Matt Phelps joined airport owner/manager Don McPherson to stay on top of current topics while continuing our long-standing as a model for General Aviation airports. Don was re-elected to the MAMA Board of Directors, recognizing his longstanding commitment to demonstrating how local airports boost their economy and support their community while nurturing the environment.

Operations Office Open Weekdays 10-2 and Weekends 9-3
